TEAM TEACHING

When presenting on elder sexual abuse, consider working with trainers who have expertise in the dynamics of sexual abuse, trauma and injury identification.

POSSIBLE VIDEOS CLIPS

Video clips of older victims and survivors sharing their experiences can be a powerful way to engage the audience. If time permits, consider using a video clip in place of or in combination with the case examples at the beginning of the module. A description of the videos and ordering information can be found at <http://www.ncall.us/content/videos-elder-abuse>.

Possible videos examples of elder sexual abuse include:

- > He Wouldn't Turn Me Loose (Miss Mary)
- > In Their Own Words (Miss Mary)
- > Broken Trust: (Al)
