

# An Introduction to Elder Abuse for Professionals

## Physical Abuse

## INTRODUCTION

This document supports the NCEA slide deck *An Introduction to Elder Abuse for Professionals: Physical Abuse*. The slides and the guidelines for using them are at [www.ncea.aoa.gov/Training/Curricula/index.aspx](http://www.ncea.aoa.gov/Training/Curricula/index.aspx).

## TEAM TEACHING

When presenting material on elder physical abuse, consider inviting a presenter who is knowledgeable about injury causation and strangulation.

## POSSIBLE VIDEOS CLIPS

Video clips of older victims and survivors sharing their experiences can be a powerful way to engage the audience. If time permits, consider using a video clip in place of or in combination with the case examples at the beginning of the module. A description of the videos and ordering information can be found at <http://ncall.us/sites/ncall.us/files/resources/2013%20EA%20Video%20List.pdf>. If time permits, consider using a video clip that is an example of intimate partner violence and another clip illustrating physical abuse by an adult child or other family member.

### **Possible videos examples of elder physical abuse include:**

- > In Their Own Words [Pat, Lois, and Sam]
- > A Mother Never Gives Up Hope [Ruth]
- > “Broken Trust” [Dot]
- > A Lifetime of Walking on Eggshells [Martha]
- > I’d Rather Be Home [Norman]
